

## **FROM THE BOARD**

The year 2020 has been quite a year with a global pandemic and statewide wildfires. The OHWA board has been meeting each month via Zoom and has continued to address issues important to the association and its members, such as protecting our water sources and improving the system infrastructure. The board made a decision in the early months of the year to waive late fees and shut offs to help with any hardship members may have encountered due to the pandemic. Soon the association will be returning to normal billing procedures. Please contact the OHWA office at (503)569-9731 if you need a payment plan set up for a past due amount.
